

The Youth Sponsorship Program

For Military youth, moving from one base to another is nothing new. While frequent relocations are something military youth become accustomed to, the transition to a new community and school is never easy. We understand! To make the transition easier for you and your teens, get connected with the *Youth Sponsorship Program*, a part of the Fairchild Youth Center.

Fill out the information at the bottom of the page, email it back to us, and we will connect your child with a sponsor and send more information about life at Fairchild. You can check out our program information at www.fairchildfun.com

Have any other questions? Feel free to contact the Fairchild Youth Center or Teen Center.
